## WITH OUR BOYS IN SERVICE

We were pleased this week to have a nice letter from Pvt. Nick Sassarini, now on active duty in India and apparently none too pleased with his immediate surroundings although he says they have a swell camp. The barracks are made of bamboo and the natives do the laundry for 8 anas or about 16 cents and do a good job. He says they get the clothes clean by pounding them against a cement table. Nick and a companion had been on pass and encountered a lot of beggers. "You give something to one and you've got a couple of hundred," Nick wrote. He told of monkeys and baboons visiting the camp and said the hawks power dive into the mess line and you need a flashlight at night to keep off the wild animals.

Also a letter this week from Leo Cardinal, a SeaBee in the Pacific, who has been enjoying the home town news in the Sierra Sun and who gets homesick for Truckee. He has promised himself a real party when this mess is cleared up. Said he had had a letter from Sgt. Karl Kielhofer at Camp Hale in which Karl said he was having a good time. He sent a clipping from his battalion paper which was fine and which we would like to print some time. It is entitled "The SeaBee Speaks" and really gives a very good idea of the life of the fighting builders of the navy.

Phil Kearney writes that he is "on board a transport, on the high seas, bound for an undisclosed port. Would like to be on deck and feel the ocean breeze, but my hammock is hung on the deck below. It's never close nor stuffy but very crowded. The South Pacific ocean breeze wouldn't be like the breeze that struck the ship, when over two years ago we cleared Golden Gate and felt the roll of the vast Pacific." Phil had been in Australia for some time after campaigning in New Guinea. He sent greetings on their birthday to sisters and brothers and made the wish that he be with them at their next birthday.

Myron Immer, former Associated Oil agent here, is now in the army and stationed in Illinois.

Don Rablin is in the army at Fort Ord and likes it. His brother Bill is a ranger at the Anzio Beachhead in Italy.

Sgt. George Sanders is stationed in Louisana nd word from his brother, Marine Jack Sanders, is that he has left Kwajelain where he was in on the invasion, saw his company commander killed, and has gone to an unrevealed location probably for another go with the Jap rats.

Naval Lieutenant Addison Nelson who flew home from the Pacific zone recently and continued on to New York, where he enjoyed leave

James Morrison, son of the former clerk of the Nevada Ciunty Selective Service Board, Merle A. Morrison, a radioman in the navy, married Miss Helen Lardman of Memphis, Tenn., last month, according to details received by his parents.
with Mrs. Nelson, will be n instructor at Rhode Island before he is reassigned to sea duty.

Sgt. Walter Keck of the Army Air Forces, has returned to Colfax from the Caribbean area after more than three years service there. After a 20-day furlough, he will enter aerial gunnery school at New Mexico. His younger brother, Francis, was also home from Treasure Island and is a seaman second class. The family at one time lived here.

## Tahoe Briefs

The lake level Tuesday morning was 6226.90 feet with only 22 CSF of water leaving the gates at the Truckeen River outlet. Precipitation for the past week was 1.26 inches from snow and rain.

Mrs. Myrtle Gallinger, teacher at the Tahoe elementary school, announced that small-pox vaccinations for children will be held at the school Friday, April 28.

## My Place In The Sun

By CPL. DOUG BARRETT

**Excerpts from letters from the Canada theater of war operations**

About a week ago someone or another got the brilliant idea that we should have a post paper and a few of the boys knew I had had previous experience in the field. It did no good to tell them that professional experience would be of little help in a mimeographed service paper. There was a committee of six appointed but being impatient, I did the bulk of the work myself and what I didn't do, I re-did. That combined with drilling has kept me pretty busy.

The quarantine was lifted today but it really wasn't so tough.

One day six MP's and I got a car on a recreation trip ticket and went up to a little golf course near here. Normally, it is not a bad course but as it is very early in the season, it is not in its best shape. The fairways are stubble about ankle deep and the the greens are black. Too. it is a notoriously tough course. To sum it all up, we made par for nine holes after playing only three, so we got some cold cuts, sandwich spread, bread and milk and had a picnic in the middle of the field. All this took place after I had done half a dozen chin-ups, 20 set-ups and run the 300 yard dash in 53 seconds. This ended of course with sun-down. At eight I had to come over to the office to work on the aforementioned paper and at midnight I went on shift That was my busy day!

I have temporarily given up smoking because I have broken both my pipes. One I broke while cleaning it and two days later I dropped the other on a concrete floor and broke it all to the deuce. Good pipes just aren't to be had up here and you know me. It's got to be a good one or it just don't go

## SERVICES HELD FOR SODA SPRINGS MAN

Christian Science funeral services for James Oscar Jones, 55, builder and operator of the Soda Springs Hotel on Donner Summit were held in Sacramento this week.

Jones passed way at his home in Sacramento last Wednesday after a brief illness.

He is survived by his wife, Mrs. Bertha B. Jones, by two sons, Virgil C. Jones of Sacramento and Dennis Jones, who now operates the Soda Springs hotel, by a daughter, Mrs Madeline Walton of Oroville, by a brother, Herstle Jones of Lincoln and by a sister, Mrs. Minnie Schrader of Sacramento.

## THREE ARE NABBED AS SPEEDERS HERE

Three speeders, including Beldon S. Gardner, 44, of San Francisco, who evidently mistook a warning ticket issued by Patrolman Kennett Kolb for permission to speed faster, and who was subsequently issued a citaion for going 65 miles an hour, were tagged by state partolmen this week. Others asked to drop in and see Justice of the Peace C. E. Smith were Manuel Castano, 20, Hanford, and Walter H. Baer, 40, North Sacramento.

V

## NEW RATION FOR SHOES IS DUE SOON

Airplane stamp 2 in War Ration Book 3 becomes valid May 1 and remains valid indefinitely for buying a pair of shoes, the Truckee OPA office announced this week. Airplane stamp 1 in the same book valid since last November, is also good indefinitely. But stmp 18 in Book 1 will be good only through April 20.

V

## POINT VALUES DROP ON LAMB, MUTTON

Point values on lamb and mutton have been reduced in the 24 northern California counties, James J. Boyle, director of the Sacramento district OPA announced. The action is being taken to move large quantities of lambs being forced on the market by poor feed conditions, Boyle said.

**Return Home—**
Mr. and Mrs. O. Thorp have returned here following their marriage in Nevada last week, it was learned.

## School Play To Be Presented By Students Friday

### Cast Prepared To Present "The Sap" At Local Auditorium

Tomorrow evening Truckeeites will go to the grammar school auditorium to see "The Sap" by William Grew, as the annual play to be given by the juniors and seniors of the high school makes its appearance.

George Kamp depicts Bill in the title role; Bonnie Mellon is Betty, his wife, and others in the cast include Carole Brock as her sister, Jane; Jack Thornton, Jane's husband, Ed Mason; June Vansandt, as Kate, the unmarried sister of the girls; Earl Smith as her suitor, and Mac Gates as the grocery clerk.

Much effort has been put into perfecting the comedy by the members of the cast, property men and the directors, Mr. and Mrs. Ray Briles. The show ran for a full season on the professional stage in New York and proved its worth as an amusing, clean story of a domestic tangle.

The show starts tomorrow night at 8 o'clock at the grammar school auditorium.

V

## LOW WATER RATES ARE OFFERED TO ASSIST GARDENERS

**Just as soon as it stops snowing and the weather permits, it is expceted that Truckee Victory gardeners will flock to their back yards and prepare their grounds for the annual crops of fresh, home-grown vegetables.**

**To make this return to the soil more enjoyable and to promote development of the gardens, the directors of the Truckee Public Utility District Tuesday night voted to allow a 50 per cent reduction in all water bills over the minimum, to those growing Victory Gardens exceeding 200 square feet in size.**

**The encouraging rates will be effective from May to September inclusive and apply to both the McGlashan and Gateway Park Systems, Manager C. Edmunds announced.**

V

## THREE WAR FILMS SHOWN TO ROTARY

Three films of war pictures were shown at Monday night's meeting of the Rotary club by R. E. Anderson, of Reno, W. C. O'Hare of Sacramento and H. G. Loehr of Truckee, all representatives of the Standard Oil Co., which sponsored the show. The pictures gave a good insight on the foreign war activities. Tom Buell was program chairman and Dee Bowen presided. Guests included R. P. Bick and L. Rector both of Truckee.

V

## LIONS ENJOY WAR FILMS AT MEETING

With Henry Loehr as program chairman, the Lions Club members and guests last night enjoyed the realistic war scenes on motion pictures sponsored by the Standard Oil Company. R. E. Anderson of Reno presented the films which were enjoyed by the audience. N. F. Dolley presided at the meeting.

## Sun Beams

by WALTER M. BARRETT

In passing on to the consumers of Truckee and environs the possible reduction in electric lighting rates at this time, in our opinion, was a generous move by the directors of the Truckee Public Utility District. Faced with rising costs in nearly all living costs, the local consumers may well give praise to the district officials. The action reflects the sound judgment and business methods employed in the management of the publicly owned and publicly governed utility.

The boys and girls of the Truckee high school tomorrow evening will present their annual play. We know it will be a good, clean and amusing story, and we also know that the youngsters have earnestly devoted much time and effort in its production. Make it a date tomorrow night and attend "The Sap" at the grammar school auditorium. It will be an evening well spent and the students will appreciate your interest in their efforts. The time is 8 P.M. Friday night.

On the 29th of this month, the two public schools here, under the auspices of the Masonic Lodge, will stage a program in observance of Public School Week. The program should prove enjoyable and entertaining, but the thought behind the annual observance is a topic which should arouse more than passing interest. Our public schools are the foundation of our country, our way of living. Too few realize the potent responsibilities vested in the public schools. True, we sometimes reluctantly go to the polls and vote for a trustee or two and then figuratively wash our hands of the whole deal, shifting the resonsibility to those for whom we voted and the instructors whom the boards employ. That is not enough. We should follow through. In our public schools are built our future goverment, our future laws, and, if you please, our future lives. The employment of able, conscientuous teachers, capable of molding the destinies of our rising generations is a task not to be taken lightly. We believe that the Masonic Lodge in sponsoring Public Schools Week, is taking a step in the right direction, but only a short step. Other organizations and individuals should give more heed to the public schools and watch that isms are kept out so that our children will be kept on the true path of democracy

## Lighting Rate Is Slashed Here By Utility Directors

### Drop in Rates Will Effect 75 Per Cent Of Consumers

**In the face of consistent and substantial rising prices, the board of directors of the Truckee Public Utility District at their meeting Tuesday night, adopted a resolution lowering the cost of electric lighting, effecting more than 75 per cent of the consumers in this district.**

**This marks the fourth reduction of rates in the district, since the organization of the publicly owned utility in 1927.**

The action of the board was announced by Manager C. Edmunds, who said that the directors discussed the matter at some length and decided that rather than wait out the war to make the cut, they felt that it would be more appreciated at this time while other costs of living are steadily mounting.

The reduction effects only electric lighting rates, the heating, cooking and power rates remaining at their current comparatively low levels.

The drop reduces the cost per KWH from .063 to 058 and will represent a saving of $1,000 to the consumers over a period of a year, Edmunds declared, the seven per cent cut going into effect May 1.

**The saving to the consumer is made possible through a reduction requested from the Sierra Pacific and allowed during the year, and due to the efficient methods employed by the directors and management over the period of years.**

While the minimum charge for lighting will remain at 90 cents per month, the small consumer will be permitted to use 16 instead of the former 14 KWH for this minimum.

Directors at the meeting were C. E. Smith, chairman, E. L. Loynd and A. Pace.

## NEW STORM HITS SUMMIT REGION

Traffic on Donner Summit became a bit snarled yesterday when an entirely unexpected but certainly not unusual snow storm deposited several inches of snow on the highway from Baxters to Truckee. Again the state highway department was forced to get out its snow plows and chain controls were established to prevent traffic from becoming uncontrollable. The storm followed a few days of spring weather which brought out the robins and green grass for about the tenth time this month, only to be buried under new snow.

Approximately four inchces of snow fell in Truckee.

Skies were clearing today and is again indicated that spring weather may be in prospect.A much heavier fall was reported on the west slope of the mountain than in the Truckee area, a report saying eight inches fell in the vicinity of Baxters.

## BETTER TIRES ARE IN STORE FOR CARS, OPA OFFICIAL SAYS

B nd C mileage ration holders heretofore eligible only for used passenger tires (Grade III) may now be able to obtain new passenger tires (factory seconds), the OPA has announced. At the same time, OPA said "factory seconds" in new passenger tubes may be acquired without a certificate, as they are being taken out of rationing.

New factory seconds are tires the manufacturer has found to be imperfect and upon which he has placed a special identification mark or from which he has removed the brand name. Factory seconds have a ceiling of 25 per cent less than that for perfect new passenger tires.

As of April 1, there were about 50,000 new passenger factory seconds made of synthetic rubber in manufacturers hands. It is expected these tires will be moved out more easily in the used tire (grade III) category, because they are on a par with, or of better quality than most used tires and also because there is now a shortage of used tires in most sections of the nation.

## To a carpenter who wants an unusual job

Out on the Southern Pacific line.. out where the grass skitters when the train whistks by...where there is room to breathe ... (yes, and to swing a hammer), the railroad has a job for you. Building bridges, culverts, doing railroad construction work with men who figure a carpenter too can hammer out a victory tune. (This, believe us, is real war work, because your work speeds the war trains.) Now, down to brass tacks: You'll live with a good gang...in Outfit Cars fitted up. No housing problem here! Board at very reasonable prices. Railroad pass privileges. Medical services. A fine pension plan. Liberal age limits. Above all, a job with a permanent company. If this sounds good, come in and see us, We think you'll go for this job.

### LITTLE FOOD WASTE

Spoilage of perishable foodstuffs received at San Francisco for dispatch to military forces overseas and lend lease recipients is below the peacetime normal, the War Foods Administration has announced. Figures covering a 90-day period showed that of 74,000,272 pounds received for delivery at shipside, only 63,761 pounds or eight hundredth of one per cent, were rejected on arrival. Rejection was due largely to damaged containers, with same cases of improper icing en route.

## No Vacation This Year for Your Appliances

*"It's a Wartime Necessity"*

**Duration-ize**

YOUR APPLIANCES WITH TIMELY REPAIR

Of course, You and Your Family are going to ease the tension of these war times with some kind of a vacation this year. It is going to be good for you and yours to relax and become a world of your own, apart from the world. But there will be no vacation for the appliances in your home.

Every one of your appliances will be used more because you will be at home more these days. You will be taking better care of your home and its furnishings. That puts wartime duty upon your washing machine, your range, your vacuum cleaner, your refrigerator, your iron or ironer.

So it is up to you to keep all of your home appliances running smoothly and efficiently. They are the mechanized equipment on the home front. Duration-ize with timely repair. You will be wise to do it while factory-made replacement parts are still available.

### STILL NEED WASTE FAT

Recent placing of shortenings and cooking and salad oils on the point free list of rationed foods, along with lard, doesn't mean that housewives can relax their efforts to salvage waste kitchen fats. Before the war, the United States was one of the biggest importer of fats and oils. Now it is one of the biggest exporters.

## THE MAN AT THE KEYHOLE

by OPERATIVE WB

America's post-war foreign policy, in the opinion of George W. Malone, maanger of the Industrial West Foundation, should be boiled down to one paragraph, to wit: "Equal access to the trade of the regions that we are defending and are committeed to defend in the future in the Pacific—that vast new frontier that awaits the United States if equal trade rights are given."

Governor Bricker of Ohio, now barnstorming the West, is Governor Earl Warren's toughest rival for the GOP vice presidential nomination, our spy reports—if he fails to win top place on the ticket!

Congressmen, seeking campaign funds, are getting not-too-polite notes from some of the firms solicited, reminding them of the provisions of the Hatch Act, and saying: "Under the law, our company is prohibited from making contributions. We note that you voted for the act in question." As a consequence, certain faces are red—and campaign contributions are slim.

### GREYHOUND SERVES MANY SERVICE MEN WITH BUSES

Napoleon once said that an army travels on its stomach. "With all due respect to the maxim of the great strategist," says Vive President F. W. Ackerman of Pacific Greyhound, "one has only to take a bus ride to gain the impression that the Army, as well as the Navy, Marine Corps and the uniformed women of all the military forces, travel on Greyhound buses!" Mr. Ackerman pointed out that most of the army camps, navy yards and other military training centers are served by Greyhound and many of them are not reached by other forms of public transportation.

Night-time is about the best time a service man has to call home.

That's a good point to remember when you feel the urge to make a Long Distance call between 7 and 10 P.M.

If it isn't important, we hope you won't make it. Let the men in service have first call on the wires.

## ARMY RESTRICTION REMOVED ON DEER HUNTING IN STATE

Restrictions on deer hunting during the 1944 season are not contemplated by the army authorities, it is stated in a communication to the State Division of Fish and Game by General D. McCoach, commanding general of the Ninth Service Command, it has been announced by the state chamber of commerce. This means that all areas, except those which the U.S. Forest Service may close, will be open to normal shooting.

This action on the part of the army authorities comes in response to a request for a ruling in this issue addressed to the Western Defense Command at the suggestion of James Mussatti, general manager of the California State Chamber of Commerce.

In presenting its views to the army authorities, the Fish and Game Division pointed out that as a result of closures during the past seasons deer depredations have become alarmingly serious and that valuable food crops and gardens have been destroyed. It was also brought out that there has been an over-population of deer in many areas, with detrimental results both to the lands on which they browse and to the herds themselves.

## Politically Speaking

By LLOYD LAPHAM
(United Press Staff Correspondent)

SACRAMENTO, April 20.— (UP)— Supporters of two of the 12 candidates for U. S. Senator Sheridan Downey's seat at the May 16 primary are publicly complaining of assertedly unfair actions on the part of the backers of other candidates in the campaign.

State Senator Charles G. Johnson has written an open letter to William C. Troyer, president of the California Republican assembly, criticizing the assembly for endorsing Lt. Gov. Frederick Houser in the senatorial race "notwithstanding my appeal for fair play and uniform consideration."

"The success of the Republican party in the coming election," Johnson continued, 'is in no small degree dependent upon party harmony. It was never intended that the Republican party hould express my opinion, or any group representing the party which in effect would nullify the free expression of the electroate in the primary election.

"May I appeal to your judgment and to the judgment of the Republican assembly to strengthen our party to meet the strength of the Democratic party in the general election? Withholding further endorsements by the Repblican assembly will add materially to this strength."

In San Franicsco John L. McNab, chairman of the campaign committee of candidate Justus Craemer, Orange publisher, has assailed as "unethical" the use by supporters of ome of the candidates of 'public opinion polls." McNab charges that some of the polls are manipulted in favor of candadates whom the pollsters are working for, McNab said.

"In fairness to Justus Craemer and other candidates who have not resorted to such tactics, I believe the people of California should be warned that the backers of several candidates in the United States senate contest are widely publicizing the results of purported polls of public opinion which have been deliberately sailed to favor the desired candidate.

"Such unethical use of a bona fide sampling device amounts to a gross abuse of public confidence and has no place in Democratic processes. We only need to recall how badly many people were misled by the erroneous Literary Digest presidential poll of some years ago to realize how unreliable such polls may be.

"The people should not be deceived. Any candidate who has to resort to such devices to get votes is not worthy of their support."

## TAHOE LETTER

* * * *

### To the Service Men

**From SWANEE**

Tahoe City, Calif.
Tahoe City, Calif.
April 13, 1944

Dear Tahoeites:

I'm writing you this week as I am taking off tomorrow for the Sierra Ordnance Depot to visit for a week with daughter, Phyllis, employed there by the Western Pacific company. So my weekly chat with you, while not up to the last minute will, I hope, nevertheless be interesting.

Ever since Easter Sunday the Tahoe region has been having more snow, sometimes heavy and wet, and sometime light and powdery, with around six inches being added to the previous sum total here in our yard. Today was blustery with frequent gusts resembling blizzards, but tonight the snow has ceased falling and the barometer slowly continues to climb upwards, so we are hopeful that the storm has ended.

Since Monday last we have been entertaining Sherwood Prusso, who could no longer resist the lure of the lake region. For months past he worked at a Long Beach plant, but toward the end of February he had the misfortune to fall ill and went to the hospital for an appendectomy. With recovery came the resolve to take to his beloved mountains and enjoy a bit of a rest and vacation in the spot that he loves best. The many friends of the Everett Prusso family once the owners of Forest Inn on Ward Creek, will be glad to hear that Donnie, their youngest, is now in San Diego training with the Marines and Ray, the eldest, now a corporal, has reached the Hawaiian Islands from which port only yesterday I received a welcome V-mail letter. Ray says that he was beginning to think that he was to stay in the states for the duration when the order came suddenly sending them on their way. He likes the Islands very much and says the scenery is grand and all around he has nary a complaint. He really enjoyed his stay at the camp in San Diego as he got to go to his home at Long Beach nearly every weekend and saw his little brother, Donnie when he came home on furlough. Says he looks swell nd is taking a 13 weeks course in radio and knows he will make a "darned good marine" I have his new address and he cordially invites his many friends to write him soon and often.

Then today's mail brought along a swell three page letter from Lt. Jimmie Easton, who had only just received my letter of February 3rd which had been chasing him all over the seven seas before it finally caught up with him. Jim's letter was most interesting and we are very glad to learn that although he has done a stretch in the hospital at Norfolk, Virginia, he is now all well again and awaiting assignment to a new ship. Stomach trouble and a little matter of some scrap iron which he had to have extracted sent him to sick bay, his bad luck hitting him at Barrie. He returned to the states in February and after recuperating he ent up to Mont Tremblant, Canada, for ten "of the most wonderful days of my life, doing nothing but ski, ski, ski." The perfect ending for his holiday came after attending a Canadian ski meet, in which he entered in the down-hill race and took thrid place! He made the course without a fall and won not only the plaudis of the large crowd but also a bronze medal. And being the only American ot compete brought him added honor in the form of a membership and club emblem and a pin of the Mont Tremblant Ski Club. Jimmie says the rules for Canadians are different than in the United States. If you belong to one Province in Canada and join that club, you cannot compete in a tournament held in another Privince, unless you join that Province's ski association. Canadian skiiers must alsc pay an entrance fee to a meet and all of their own expenses, so their clubs do little for the members. Jim says it was a most wonderful place he had ever been, although he will take Tahoe any time against them all He is thoroughly enjoying his Sierra Sun and wants to thank our generous editor who keeps them coming. I'll be glad to pass along his new address as soon as he sends it to me. Good luck, Jim and write often.

Also had a card this week from Seaman Second Class Edna Wheat, in training at the Bronx, New York. Edna likes her new life enormously and describes her surrounds as attractive. She is being held over for two weeks for an assignment and in the interim is doing mess duty. That is one of those things one just can't void and Edna doesn't mind it in the least. She was writing letters in the West Lounge as the snow fell steadily outside, six or seven inches being on the ground at the time. She said it reminded her of Tahoe.

Last week I learned that Holly Rose, Jr., whose father, Captain Henry Rose captained the old steamer, Tahoe, for years around the lake, is now a private in Uncle Sam's army at San Diego. Prior to enlisting in the army he was senior radio installer for the army at McClelland Field, near Sacramento. Holly attended grammar school at Tahoe and the family has many friends in this area.

One Tahoe lad just about now is on tender hooks .... for his wife is momentarily anticipating the arrival of old Doc Stork at her mother's home in San Diego. He is Gunner's Mate 3-c James Frazier, son of Mr. and Mrs. Ray Frazier of Lake Forest. And Jimmie is not the only one losing sleep these nights, for his parents are just as anxious for the first grandson as he is! Mrs. Frazier is all packed and ready to take off for San Diego just as soon s the little one arrives, to lend a hand in its care. Jimmie, captain of a gun crew, now on active duty, wrote his folks recently tht he wished he could tell them what he had been going through as it would surely give them a thrill. All he could say was that he would be SO happy when he could get back to the sweet, clean smell of the pine woods at Tahoe, for all he was getting now was "salt spray and a word which means a VERY BAD SMELL!"

From Camp Gruber, Oklahoma, comes discouraging word from Dick Carnell, who recently requested and after successfully passing examinations, received permission to transfer to the air corps along with several other companions. Now the army has rescinded the transfer due to a new ruling and Dick has had his jeep reassigned to him and it looks like the deal is off. He is very disappointed, but will make the most of his opportunities where he is.

Must leave you for the week and hope to have some news of Herlong for next week. May this find you all still lucky, still cheerful nd still filled with that good old Yankee determination to win this war in '44. The best of good wishes from the folks at home and God be with you always.

As ever,
SWANEE

P. S. Forgot to thank all of you who sent such lovely Easter cards.. and cand!

## Favors Veterans

Declaring he favors better treatment for discharged service men and women, Senator Jesse M. Mayo, candidate for Congress from this district said "In event of my electcion, I shall vigorously support the American Legion's G. I. Bill for discharged service men and women." Mayo himself is a former service man. He was honorably discharged from the U. S. Navy more than 20 years ago after serving on the battleship U. S. S. Pennsylvania.

## Tahoe Briefs

Mr. and Mrs. D. C. Turnage and daughter are up from Lodi and are occupying their cottage at Lake Forest.

Floyd Carnell observed his birthday on Wednesday last week.

Mrs. Ray Frazier has made up 17 of the ditty bags assigned to the Tahoe region for the American Red Red Cross.

Dr. Herbert Martin and friends of Reno are enjoying a visit to the Martin cottage in Lake Forest.

Jimmie Swanson Friday goes to the Tallac Fish Hatchery where he will be employed by the Fish and Game division for the summer. He will assist Fred Setley who is in charge there, under the supervision of Allen Pollitt of Tahoe City.

Tahoe highways at this writing as far as Meeks Bay are open and in good condition. The scraper operated since the beginning of the latest storm and travel is not difficult.

Charles Swanson returned to Tahoe Thursday morning after spending four days visiting friends and relatives below. He was the guest, while gone, of his daughter and family, Mr. and Mrs. Hugh Purcell of Saratog and Mr. and Mrs. Ralph Walker and Mrs. Lee Druhn and Commander and Mrs. George Mawdsley, all of San Francisco.

Congratulations to Mrs. Theodore Schlueter, who observed her birthday on Saturday, April 15 at her home at Tahoe.

Mrs. Madeline Gallerani is a candidate for relection on the school board at Kings Beach. The election will be held May 19.

The second installment of Placer County taxes become delinquent at 5 o'clock April 20.

## POINT VALUES LOWERED ON FATS; BUTTER MAY BE LOWERED IN FUTURE

Point values on all shortening and cooking and salad oils have been reduced from four to zero, V. J. Monteverda, food rationing representative of the Sacramento District OPA announced today.

Increased supplies of lard made it possible to make lard ration free some weeks ago, Monteverda said. As a result the demand for oils and shortening has dropped enough that supplies now equal the demand and they too can be given a zero point value. They will remain ration free as long as lard supplies are plentiful, he said.

At the same time Monteverda announced that steps have been taken to prevent industrial and institutional users of rationed fats and oils from draining the market of supplies by laying in reserve stocks at the zero point value.

Margarines continue to have a point value of six points per pound for the present and butter remains at 16 points. Butter stocks are increasing, however, according to Monteverda, and, if the situation continues favorably, points on butter may possibly be lowered in the near future.

**PEAS PORRIDGE HOT**

**G. I. Joe now carries his own stove in the form of fuel tablets. That means that Joe, in his fox hole, can have his combat rations hot if he wants them so without danger of being spotted by the enemy. The tablets are made of wax, saturated with fatty acids, combined with a filler such as wood flour. They light with one match and burn fairly evenly**

Let's all be CITIZEN SOLDIERS on the Food Front

A Victory Garden again this year? By all means! There's even more reason for Victory Gardens this year than last, particularly in the West. Food still fights for freedom, and total supply is inadequate for all needs. The food you raise and eat releases more food for others who need it, also helps keep prices down.

But remember, production is only one part of the food job. Avoiding waste, observing price ceilings and ration regulations, are equally important. *"Produce and conserve; share and play square."*

Remember, too, that good Citizen Soldiers have many other vital home front duties. There are *active* parts for us all to play in speeding victory. All the time, energy, money and blood that we can possibly expend will not equal the contributions of those who are fighting and dying for us. Let's all be Citizen Soldiers, *all the way!*
